

# Does Your Driver Training Program Have Everything It Takes to Mitigate Risk?

Successful driver training goes beyond compliance or reactive measures—it prevents violations, crashes and costly disruptions while saving YOU time. Does your current training program provide everything you need to simplify your operations, improve driver safety and boost retention? Use this checklist to compare your program against the gold standard in driver training.

## An Effective Driver Training Program...

### Features Modern, Online Training Content

- ☐ **Dynamic Visuals and Narration:**  
Offers professionally designed courses with 3D animations and engaging narration—no boring stock content, “talking head” videos, green screens or outdated PowerPoints
- ☐ **Mastery-Based Learning Approach:**  
Requires drivers to demonstrate knowledge via engaging quizzes before moving on, ensuring comprehension of material
- ☐ **Customizable Content:**  
Provides a tailored training experience, with the ability to add your company’s branding to visuals and vehicles for a personalized touch
- ☐ **Constantly Expanding Catalog:**  
Adds fresh, relevant courses every month, evolving with your needs and remaining up to date with the latest regulations

### Uses Driver Activity for Timely Interventions

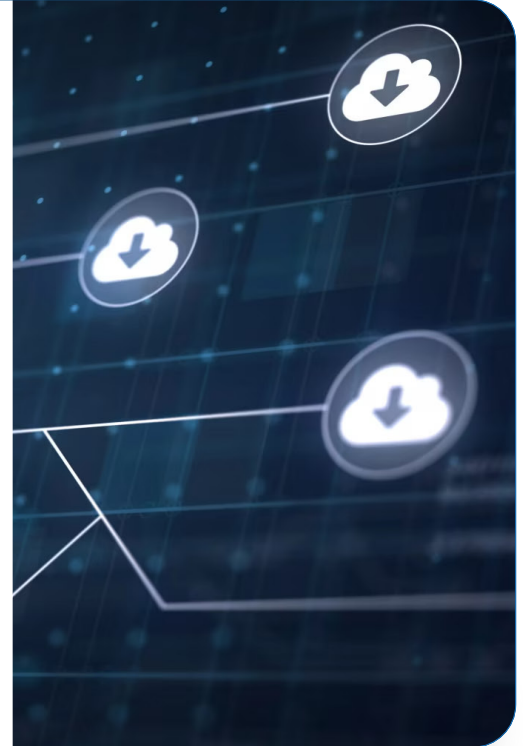

- ☐ **Holistic View of Risk:**  
Combines license, CSA and telematics data with corporate, employee, training and claims data into single view for better coaching decisions
- ☐ **Targeted Micro-Learning:**  
Offers short, targeted courses that can be assigned immediately after risky behavior is detected to reduce future incidents
- ☐ **Monitoring and Training Workflows:**  
Includes access to monitored driver violations and telematics alerts for more informed and targeted training efforts
- ☐ **AI-Driven Course Recommendations:**  
Provides automated training suggestions that take the guesswork out of assigning the right courses following an incident

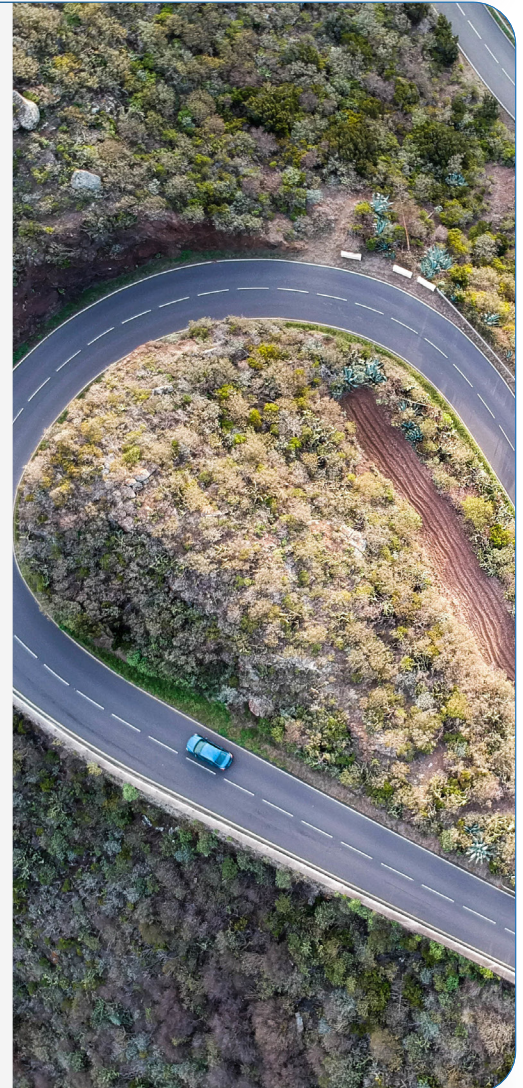

## Offers Simple Administration and LMS Functionality

- ☐ **Cloud-Based and Mobile-Friendly:**  
Enables drivers to access training anytime, anywhere on any device
- ☐ **Easy Implementation:**  
Allows drivers to get started with just an email or phone number
- ☐ **Flexible Integrations:**  
Integrates into existing training programs, with the ability to export available training content into other Learning Management Systems (LMS)
- ☐ **More Automation:**  
Provides access to schedule assignments, group assignments, track compliance and generate and share completion certificates in just a few clicks
- ☐ **Built-in Tracking:**  
Dashboards and reports make it easy to track assignments, driver progress, training completion, compliance and the overall success of your program

## Has Comprehensive and Flexible Learning Paths

- ☐ **Wide Course Selection:**  
Offers an extensive catalog of courses for all stages of the employee lifecycle, including new hire training, defensive driving curriculum and targeted micro-learnings
- ☐ **Driver and Vehicle-Specific Courses:**  
Includes relevant content and visuals tailored to every vehicle and driver type, including sedans, light-duty, medium-duty and heavy-duty trucks and non-commercial drivers
- ☐ **Specialty Training:**  
Incorporates hazmat, tanker, Globally Harmonized System (GHS) and food safety training tailored to industry-specific needs
- ☐ **Entry-Level Driver Training (ELDT):**  
Satisfies the theory portion of federal ELDT requirements to ensure compliance, including Class A, Class B and Hazmat
- ☐ **OSHA-Certified Content:**  
Delivers workplace safety training that meets OSHA standards
- ☐ **Global Offerings:**  
Has courses available in English, Spanish, French-Canadian and UK-specific formats for international teams
- ☐ **Manager Training:**  
Encourages a “train the trainer” approach, empowering driver managers with the skills and knowledge to maintain a safe and compliant fleet

## Boosts Retention and Morale Through Continuous Development

- ☐ **Regular Touchpoints:**  
Allows for ongoing training or refresher courses to ensure safety stays top of mind
- ☐ **Driver-Centered Training:**  
Ensures drivers feel valued and invested in while building confidence and skills via intentionally crafted curriculum

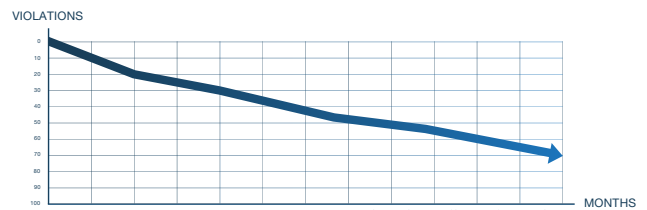

## If You've Left Any Boxes Unchecked, It's Time to Act.

You're missing out on an easy opportunity to improve your processes, reduce risk and retain drivers. SambaSafety's Online Driver Training checks all the right boxes. With over 400 courses covering every vehicle and driver type, AI-based training recommendations and a single platform to assign and track progress, we make it easy to implement a complete driver training program that delivers real results.

Companies that implement SambaSafety's Online Driver Training see an average **77% reduction** in violations within 12 months when combined with continuous monitoring.
