sambasafety AT A GLANCE

Comprehensive Driver Risk Management Solutions

Empowering Insurers and Businesses to Make Informed Decisions, Enhance Productivity and Reduce Risk

Who We Are

PROMOTING SAFER COMMUNITIES BY REDUCING RISK THROUGH DATA INSIGHTS

SambaSafety is a recognized innovator and leading provider of cloud-based risk management solutions for over 15,000 organizations with automotive mobility exposure, including many on Fortune's Global 500 list. Employers and insurers benefit from SambaSafety's continuous monitoring, intuitive insights, risk reduction tools and configurable pricing solutions. Through the collection, correlation and analysis of federal, state, local and telematics data sources, our flexible, end-to-end capabilities enable businesses and insurers to better evaluate and mitigate driving risk, accelerate product development, reduce crashes and foster safer communities.

sambasafety Risk Cloud

Designed to Make Driver Risk Data More Powerful, Reliable, Accessible and Actionable

The **SambaSafety Risk Cloud** unifies driver data from all sources into a single view, empowering business to identify and intervene on risk with unparalleled clarity and precision.

SambaSafety consolidates over 3,000 unique and highly complementary data sources, including driver risk data from **global, federal, state, local and customer-specific sources**.

By **normalizing, enriching and centralizing all driver data** into a single view, the SambaSafety Risk Cloud transforms billions of data points into actionable insights.

With a comprehensive view of your risk landscape and a single Risk Index score for each driver, businesses are empowered to **quickly evaluate, continuously monitor and proactively reduce mobility risk**.
